MUSIC LICENSE

Thanks for choosing my music! By downloading or using these tracks, you agree to the rules detailed below.
This license applies specifically to the audio assets included in the pack/album: “It Feels Like...”

[WHAT YOU CAN DO]

- You can use these tracks in any project, including free or commercial work such as video games, films, apps, YouTube videos, podcasts, or live streams.
- You can edit, remix, loop, or change the audio to fit your project perfectly.
- You can sell or share your finished project that includes this music.
- You can monetize your videos/streams that use this music.
- You don't owe me any royalties or extra payments.

[WHAT YOU CAN'T DO]

- You can't resell, redistribute, or share the raw audio files as standalone music, even if you've modified or remixed them.
- You can't include these tracks in another asset pack, template, or tool where others can download them directly.
- You can't claim the music as your own original creation.
- You can't register these tracks (or any derivative works/remixes made with them) in any Content ID system (YouTube Content ID, Meta Rights Manager, etc.).
- You can't upload or distribute these tracks as standalone music to streaming platforms or digital stores (Spotify, Apple Music, DistroKid, TuneCore, etc.).

[CREDIT]

- You must credit me somewhere visible in your project (credits screen, description, or readme file).
- Example: "Music by Crow Shade" or "[Track Name] by Crow Shade".

[AI / MACHINE LEARNING USE]

- You cannot use these audio assets to train AI models, music generators, or datasets without my explicit written permission.

[OWNERSHIP AND LIABILITY]

- I still own the copyright to these audio assets.
- You are granted a non-exclusive permission to use them under these terms only.
- The assets are provided "as-is" without any warranty or guarantee.

[PORTFOLIO USE]

- I may feature your project, screenshots, video clips, or links to your work that use my music in my portfolio, or on social media.
- This is only to showcase how the music is used — I will always credit your project appropriately and will never claim ownership or endorsement of your game/video.
